## LIQUORS, CIGARS.

Come to the Fair.

Hurrah! for the Fair, the old farmer shouts,
As Dobbin is driven up close to the door,
And purchases ... the art,
All gathered with ... from the old farmers store.

Then come to the Fair ... see what you have,
... come for all, maid, matron and sire,
Bring your ... and daughters your oxen and sons,
Our motto, Forward and forward means higher.

And when ... the city, the pride of the West,
And viewing the sights and notions so rare,
You will want a Cigar to give zest to your taste,
And add to the interest you feel in the Fair.

It must be but a trial to point out the place,
Our Cigars are selected with excellent care
Then remember our store with its "Native" in front,
And glance at our card when you visit the Fair.

The old Eagle going it with a Rush!

THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMB,
296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation throughout the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "Excelsior."

### Reading and Writing in Virginia.

There is an old story current in relation to a leading Virginia statesman—we think it is Mr Wise, the present Governor of that State—who is reported, when in Congress, to have "thanked God that there was neither a newspaper nor a public school in his district." Some of the leading presses in that State, in the late campaign denounced free schools as "a curse" Recently, an article in the *Edinburg Review* has stirred up the defenders of the Old Dominion, by stating that "not one in twenty of the adult whites of Virginia can read or write" The review did exaggerate the matter to some extent, the census of 1850 showing that 77 000 adults out of an aggregate of 894 000 whites of all ages, could not read or write But mark how the Richmond *Enquirer* replies

The charge is utterly false A small portion of Virginians and other Southerners can neither read nor write But all are sensible and well informed—all conversant with affairs Far, very far more intellectual, moral and well informed than European laborers ever were or ever possibly can be Homer did not know a letter in the book, and Plato held that the invention of letters had diminished human intellectuality Reading and writing are the means, *probably the worst means* of acquiring knowledge and wisdom *The time employed in their acquisition is of itself time lost*, for it prevents enlargement of mind from observation and experience As means of acquiring knowledge, the European laborer does not find time to *employ them* He is very generally the worst for knowing them, first because the time he is shut up in school is so *much precious time lost*, in the most impressible period of life from observation and experience, and, secondly, *if he does read*, it is only for low stimulation and excitement and is confined to Murrel's murders, Greeley's papers and Dickens novels.

What a blessed world this would be and what an intelligent people we should have, if these Virginia doctrines could prevail! One of the happiest results would doubtless be the extinguishment of such luminaries as the *Enquirer*, for newspapers would of course be outlawed in its Utopia.

Growth of the Lake Cities —The following paragraph, which we clip from the *Free Democrat* of Wednesday, has been *running the rounds* of the press for some weeks We copy it to correct one or two mistakes

The Lake cities beat everything at growing Look at this table, from the latest enumerations

| | 1840. | 1850. | 1855. |
|---|---|---|---|
| Buffalo | 18,282 | 42,200 | 76,000 |
| Cleveland | [illegible]71 | 1[illegible],095 | 55,000 |
| Sandusky | 1,434 | [illegible],008 | 10,[illegible]00 |
| Toledo | 1,222 | [illegible],819 | 15,000 |
| Detroit | [illegible],102 | 21,891 | 40,000 |
| Chicago | [illegible],170 | 29,000 | 80,000 |
| Milwaukee | 1,710 | 21,401 | 40,000 |

In 1850, Milwaukee had 20,026 inhabitants, and Chicago 28,269 In 1855 (June 1st,) our State census made the population of Milwaukee, "[illegible] 44" This was probably two or three thousand less than the actual population Our city *now* numbers full 40,000 inhabitants. Detroit is about the same We doubt the "55,000" figures for Cleveland. The rest are doubtless substantially correct

### Treason—A Southern View of it.

When Texas proposed to appropriate $50,000 to fit out expeditions to Kansas, the pro slavery journals found no treason in it When other Southern states proposed to do the same thing, it was thought eminently patriotic and just. But when Vermont appropriates $20,000, avowedly to provide food and clothing for the actual settlers of Kansas who have been rendered destitute by the marauding pro-slavery ruffians, these eminently consistent papers snuff treason at once The New Orleans *True Delta*, for instance, says

That fanatical commonwealth has, by its Legislature, voted twenty thousand dollars to advance and sustain the Abolition movement in Kansas, to arm, equip and provision—for we can not imagine any other purpose of the appropriation—bodies of men in that Territory with no other object and intention than to compel the inhabitants thereof, contrary to their ideas of their interests, their feelings and their well understood inclinations, to adopt a form of government and to recognize political principles utterly abhorrent to them, and such as, if left to their uninfluenced free will could find no favor under any circumstances with them This is an act of deliberate treason on the part of the State of Vermont it is, in fact, however artfully disguised or disingenuously concealed, neither more or less than a war contribution, a subsidy for the maintenance of a body of men who, by force and violence are expected to determine the principles of government which shall prevail in a Territory of the Republic"

Of course the *Delta* deceives its readers in its statements of the object of the contribution of Vermont but it would not answer to tell the truth concerning it

### Meeting of the Board of Trade.

An important meeting of the Board of Trade is to be held at their rooms in Furlong's Block, at 7 o'clock *this* evening The object is to complete the *necessary arrangements for preparing* the Annual Report of our trade and commerce, and to adopt memorials to Congress for appropriations to complete our Harbor, and to improve the navigation of the St Clair Flats. Every merchant and business man, in our city is vitally interested in these matters, and ought, therefore, to attend and take part in the meeting

Bank of Commerce, Milwaukee —J S. Colt, Cashier of the Bank of Commerce in this city, notifies holders of their outstanding circulating notes, that they must be presented *for redemption*, at the office of the Bank Comptroller, within two years from the 9th inst, otherwise the funds deposited for their redemption will be given up to the said Banking Association. The *Bank of Commerce* intends, we presume, to withdraw its notes from circulation. The amount outstanding must be less than $29,000.

### The Admission of Whitfield as Delegate from Kansas—Why it is an Outrage.

The *News*, in such style as befits an apologist for the outrages of the Missouri and other pro slavery invaders of Kansas, professes not to be able to see why the admission of Whitfield to a seat in the House of Representatives is an "outrage," or why he is a "bogus" delegate Of course it *does* see and know both these facts but here is what it says, in defence of the vote admitting the representative of the Border Ruffians

What are the facts 1st, Mr Whitfield was elected without opposition from a Territory which has an organized government 2nd, no one questions his eligibility He is old enough, of the right color, and a citizen of the United States. 3d, no one contests his right to a seat, as he received all the votes cast 4th, the election was held in pursuance of law 5th, he has been admitted to a seat by a House which is opposed to the Democratic party and is presided over by a regular K N Black Republican

We should make quite a different statement of "facts," to wit

Mr. Whitfield claimed a seat at the last session of Congress as a delegate from Kansas His seat was contested by Mr Reeder, who represented that the legislature which authorized and called the election under which Whitfield claimed, was illegally chosen, and its acts therefore void, and also that Whitfield himself was returned by the votes of persons who were not residents of Kansas while he (Reeder) was chosen by legal voters and residents

A commission of able men was sent to Kansas to examine into the whole subject The labors of this Committee had a special bearing upon the circumstances and legality of Mr Whitfield's election They examined a large number of witnesses, the most of them pro slavery men and from the facts elicited in these examinations made up their report, which they presented to Congress In view of all the testimony offered the committee arrived at the following conclusions

That the election under which John W Whitfield, sitting Delegate, holds his seat was not held in pursuance of any valid law, and that it should be regarded only as the expression of the choice of those resident citizens who voted for him

That the alleged Territorial Legislature was an illegally constituted body, and had no power to pass any valid laws, and their enactments are therefore null and void

It was proved that every election in Kansas thus far had been carried by organized armed bodies of men, who came over from Missouri to vote and that this was especially the case with the election of the Territorial Legislature

On this evidence, Whitfield was refused a seat, but it was found impossible to obtain a majority to give Reeder the seat, as it was evident that though he received a large majority of the legal votes of the Territory, there had been no Legislative act authorizing that election

Whitfield went back to Kansas and another election was held, under the laws of the *same* bogus Legislature, the Free State men being compelled by tests applied by those laws to refrain from voting, and Whitfield was again chosen, openly and clearly, by the votes of non resident ruffians and their upholders He again presents himself at Washington, and in the face of these facts, the whole body of the Democrats in the House of Representatives, all of the Southern *Know Nothings*, and a *part of the Northern* Know-Nothings form a sufficient vote to give him the seat. We call this a most disgraceful outrage—the *News* defends the act of its party in perpetrating it. The Democratic party thus recognizes fully the usurping Legislature of Kansas, and endorses the invasions, fraud and violence of the Missouri, Georgia, Alabama, and South Carolina Ruffians while the Republican party has cleared its skirts of all responsibility in the matter.

The *News* further says

How the K N s may have voted on the question of admitting Whitfield which was no question at all, as he had a perfect right to his seat, we neither know nor care, but we do know that upon all political questions, they vote with the Black Republicans

Facts *are* stubborn things, and the fact is that on the first vote, refusing to allow Whitfield to be sworn, the total vote being 97 to 101, the 97 were composed of 71 Democrats, 24 Southern and 2 Northern Know Nothings, the 24 being *all* that voted, and the 2 being Messrs Vail and Whitney. Slavery being the paramount object and interest of these men, of course they stand by Whitfield, the Border Ruffians and the Democratic party, and the *News* stands by and defends the unholy alliance and its acts

Love's Labour Lost.—The efforts of the *News* to write down or read out our City Postmaster, do not seem to be appreciated by its yoke fellows in the "rural districts" Only a few days since the Beaver Dam *Sentinel* gave it a sharp rebuke, and now the Ozaukee *Advertiser* raps it over the knuckles in this wise

The News and Post Master Noonan —The Milwaukee *News* has of late been down on Mr Noonan with a vengeance, and has been rebuked by a number of the Democratic papers of the State. Still it persists daily in pouring out its vials of wrath, which have about the same effect that a dog's barking has on the moon Nearly every man in the State is acquainted with Mr Noonan, and the manner in which he has discharged his duties as Post Master, and should that paper continue to abuse him up to the time Mr Buchanan selects his Cabinet, we shall most certainly have the pleasure of chronicling his name as Post Master General of the United States

This discipline appears to have had its effect upon the *News*, since in its yesterday's issue it affectionately entreats its democratic contemporaries not to quarrel any longer about men—Sensible advice

The Train Over —The first Locomotive passed over the bridge of the Milwaukee and Mississippi Railroad across Rock River, in this city, yesterday morning The Engine was the "J C Hall, George Church conductor and P D Mongon Engineer The two finest and most imposing Railroad bridges in the state are within the limits of Janesville, both crossing Rock River—*Janesville Free Press, Dec 11.*

Beloit Daily Herald —We have received several numbers of a new and exceedingly well printed daily paper just started in the thriving and beautiful city of Beloit, Rock County It is published by D Anson Pratt, is independent in politics and mainly aims to give its readers all the latest news and pay special attention to the local interests of Beloit It deserves success for its good looks and attractive contents

### Gone Under.

The *Herald*, lately published and edited by Royal Buck, has collapsed. The editor, like his bosom companion of the *Sentinel* in this city, belonged to the Know Nothing wing of the Black Republican party —*News of yesterday*

The *News*, being the only Know Nothing organ in our city, ought to be posted in all matters relating to the 'Dark Lantern' party But it is all wrong in the present instance. The *Herald* has not "collapsed," but united with the *Freeman*—the joint issue being called the *Commonwealth*. And the *Sentinel* would as soon think of belonging to the 'Border Ruffian," as to the "Know Nothing," wing of the *News'* party

Another Favorable Allusion —Barstowism is at a decided discount just now, among the democratic presses and masses in this State—Here is the latest hit at the defunct dynasty, from the Ozaukee *Advertiser*, the party organ in the "Banner Democratic County" of our State

The Milwaukee *News*, Madison *Argus*, and Waukesha *Plain Dealer*, have all intimated that Wm A Barstow would be the next Post Master General. It is a ridiculous assumption Why, his chances are no better than ours, and his political course has proved him not half so worthy if that office is allotted to Wisconsin, the Hon J A. Noonan, the excellent postmaster at Milwaukee, is the man. It is evident that the damning influence of Barstowism has given Wisconsin to the Black Republicans, and now should we extend the curse" We was in hopes that Barstow was dead and buried, and that his pimps had all forsaken him, but if they wish to bring him up again, we shall not stand to that rack any longer.

For the Daily Sentinel

### "SOLOMO."

The dawn springs slowly thro the eastern sky
It turns the fleecy clouds to isles of gold,
It strikes the cross on John's Cathedral spire,
And all the places that rise around
Then o'er the bosom of Lake Michigan
The quivering bars of many colored light
Break into starry tear drops far away
The waters murmur to the pebbly shore
Of something lost, that can return no more!

The flags droop half mast on the harboured ships,
The bells toll solemnly from many a tower,
The grateful city sends her thousands forth
To pay the last sad tribute to his dust
Who planted her, for, in one stricken room
Lies powerless and still a mighty frame,
That once enclosed a warm and generous heart
Now heedless all of tears or sobs of woe—
The voiceless ashes of old "Solomo"

I was meet that he should die where swarthy chiefs
Could gaze upon the face of their tried friend
Where silent squaws could throng the darkness steal
To breathe a prayer and kiss his honored head,
That they should bury him and think him theirs,
And it was meet that he should here be brought
For his love of children and the city's sake,
That he should be honored, and twice buried be,
For here his like we never again shall see

Ye men with glittering steel and measured tread!
He was a soldier, for he was a man,
Ye men who battle with the element
He was like you and dared he elements,
Ye veteran pioneers of fertile brain
And iron arm, he was your elder brother,
Bear ye the body into God's own house—
Where lately too was borne his noble wife—
Before that altar where he knelt in life!

There let the Church
Recite her appointed prayers above her dead
And sprinkle holy water on the pall,
And burns some grains of frankincense,
And lets the prisoned soul of music burst
In terror thro the 'Dies Irae" hymn,
And from the dead unto the living speaks
And points with steady finger beyond the grave
Thro His strong love who came the world to save!

Their tears are paid the eulogy is said
The sacred prayers for his soul's repose
Have upward sped on wings of faith and love,
The lights are out, the long procession moves,
And strains of mournful music swell and fade
Upon the air and flashing in the sun
Up the far streets the bayonets are seen,
The nodding hearse, of which death makes a throne,
Is out of sight—and "Solomo" is gone!

### The Jefferson County Canvass.

We publish with pleasure the following note in relation to the subject Will some one send us the figures for the omitted towns?—

WATERTOWN, Dec 11, 1856

*Eds of the Mil Sentinel*—GENTLEMEN — In your issue of Saturday and repeated in that of yesterday, I notice a statement that in the State Canvass, the vote of the five towns and two wards, formerly a part of Dodge, but now attached to Jefferson County, was not included, "the county Board of Jefferson County refusing to recognize the addition of these towns to their County" Having been a member of that board I have concluded to correct the latter part of the statement The Board of Supervisors was organized, the five towns and two wards above referred to being fully represented, and all voting for Chairman and Clerk and these Supervisors were appointed on various committees and participated fully in all the proceedings of the Board until it finally adjourned The office of Clerk of the Board had become vacant by the death of the incumbent John E. Holmes, Esq, claiming to be Deputy Clerk, assumed the responsibility of canvassing the votes, although the Board had elected a clerk, but he failed to qualify on Tuesday, the day assigned for the county canvass—Mr Holmes and the justices whom he associated with him, omitted the vote of those towns and wards for County officers, but counted the votes for all other offices. Before the canvass was completed however, the clerk elect qualified and took hold of the matter, canvassing the entire vote of the county, including said towns and wards, and issued certificates of election upon such new canvass If the vote from said towns and wards was not returned to the Secretary of State and not counted in the State canvass, the omission must have been made intentionally or by mistake by the Clerk, and without the knowledge or contrary to the expectations of the County Board

In haste, Yours, &c,
MYRON B. WILLIAMS
Supervisor 1st Ward of Watertown

Arena and Dubuque R R —The last Platteville (Grant Co) *American* contains a notice for opening the subscription books and formally organizing the company to build a Railroad from Arena, on the M & M R R, in the Wisconsin valley, to Dubuque, Iowa The *American* thus calls attention to the matter

The announcement published in another column, that books for subscription to the stock of the Arena and Dubuque Railroad, are to be opened on the 20th inst., is exceedingly gratifying and encouraging to every one who is interested in the growth and prosperity of Platteville and the surrounding region

At last, and without very much gassing, we have something tangible in regard to a Railroad through Platteville It is reason for the heartiest rejoicing In order to organize the company, and commence operations, it is only necessary that 500 shares of the stock, making fifty thousand dollars, be subscribed, and five dollars on each share paid down To construct that portion of the Road between Platteville and Calamine, the portion in which we are most deeply interested, it is estimated that three hundred and fifty thousand dollars will be necessary—That amount should surely be raised without difficulty among the public spirited farmers land owners and business men along the proposed route

In regard to the route of this railroad, its advantages to the people of this region, the value of the stock, &c we shall have more to say hereafter

### Missouri Border Ruffianism—One of its Rewards.

The Cincinnati *Commercial* is informed that the President of the Pacific Railroad Company of Missouri, recently paid a visit to England, with a view to procure a loan for the benefit of the road, upon the security of the mortgage bonds of the company On presenting his proposals and securities to British capitalists, he was gravely and peremptorily informed that they could not reciprocate They had heard of the lawlessness of the people of Missouri, of their invasion of, and crimes committed in the Territory of Kansas, and were fully of the opinion that transactions with such a people would be too palpably unsafe to be advisable Remonstrance was useless They had made up their minds The whole moneyed interest of Great Britain was with them, and the President of the Pacific Railroad was forced to return home with an empty pocket

Newspaper Change —Mr W M. Doty has become sole proprietor of the Wisconsin *Messenger*, published at Delavan, Walworth County, Mr Baker retaining, however, the principal editorial charge The *Messenger* is one of the best of our State exchanges, circulates widely in Rock, Walworth, Racine and Kenosha counties, and is an excellent advertising medium for those of our Milwaukee merchants who want to let the people of South-Eastern Wisconsin know what they have to sell

Wisconsin Central Railroad —The Whitewater *Gazette*, says that Graham & Scott, have surrendered their contract on this road to Messrs. H D & G E Harris, who undertake to complete the road to Jefferson, by October 1st, 1856. The *Gazette* also says that arrangements are to be made to consolidate this road with that "under the control of the Wisconsin and Superior Company as soon as the former reaches Jefferson

True Enough —The Louisville *Journal* remarks that the effect of the election, thus far, is:

"The Freesoil party is decidedly stronger at this moment than it was on the 4th of November, and, if Mr. Buchanan, as President, shall meet in any degree the wishes and expectations of his Southern friends and supporters, that party will in less than one year be powerful enough to sweep the Democracy from the face of the land in every non-slaveholding State in the Union.

### Sharp-shooting in the Senate.

Correspondence of the New York Tribune

Washington Dec 4, 1856

Mr Fessenden closed the debate in the Senate to day in a speech of great power He was beset during its delivery by numerous interruptions, questions and replies from Senator Rusk, Butler, Cass, Brown and Bayard, of the Administration side of the Senate but he was cool self-poised and undisturbed, and his whole speech was a triumph In clear, distinct, and emphatic language he replied to the lofty annunciations of Mr Rusk of Texas, as to what the South would or would not bear, that the Republican party in *the future* as in the past entirely irrespective of threats and bluster at the South, intended to resist firmly and inflexibly the extension of slavery into free Territories to the end—even the bitter end, if bitter end there should be But so far from wishing to proscribe citizens of the South from official position as had been insinuated, he would himself have been willing to vote for a slaveholder for the Presidency if one of character and worth had been presented who heartily coincided with the Republicans in opposing the extension of slavery beyond its present limits Why, said he Senator Butler himself once seemed as if he was coming up to ward our standard when he said he did not desire the extension of the institution The South Carolina Senator, "omnipresent in the debate" as in one referred to by Mr Sumner, rose immediately and interposed, 'I was only indifferent as it it might go there or not, just as it happened if it saw fit." "Then, instantly replied Mr Fessenden, 'you would not answer Indifference does not begin to come up to our mark

Asked Senator Brown of Mississippi If Kansas voluntarily adopted a Slave Constitution, would you admit her?" "If that question is ever presented!" replied Mr F, 'you will find me prompt and unequivocal in my action I am speaking *now* of the duties of to-day—exposing *now* the false arguments and political aspersions of your President's Message But the best hit was where he replied to Senator Butler's charge that the Republicans were sectional because they took both their candidates from the Free States Prefacing his answer with the declaration that they would have supported any Southern statesman for either office who could be relied on to support and carry out their principle he continued "Least of all of these should a charge come from South Carolina Let her Senator look back at her political history and he will find how often at Presidential elections she has cast her vote for an irregular ticket of her own, made up with both candidates from slave States, and generally one of them from her own borders" This thrust was a telling one, and the laughter it produced on all sides was heightened as Mr Butler mounted his spectacles and commenced an examination of the Presidential canvass as found in 'Hickey's Constitution

Mr Fessenden closed his brilliant but synthetic tion of the Republican party with a most effective peroration, in which he contended that they were laboring for the elevation, the rights and the interests of the poor whites of the South even more than any other class and at the end of his speech was heartily congratulated upon his *successful effort by the numerous Republic*atives who were present, as well as his brother Senators

### The Apprehended Negro Insurrection.

The Nashville *Gazette* of the 4th, has an article on negro insurrection, in the course of which it says

"Our city yesterday was rife with rumors in relation to the insurrection at different points along the river We understand that six negroes who had been found guilty at the iron works, and who threatened a second outbreak, were killed a few days since, and that two white men, known to be accessories in the matter had been arrested and nearly whipped to death It is also reported that four negroes will be hung in Dover to day, and a number of others have been arrested as implicated in the affair

The Evansville *Journal* of Saturday morning, the 6th, says

"We had very serious and alarming reports in our city last evening from the Cumberland River in regard to the movements of the blacks, and from all we have heard, the excitement among the people, through the middle district of Tennessee is far greater and more general than we supposed when we wrote the article in another part of this morning's sheet Through what is called the Iron district on the Cumberland and Tennessee rivers, there are from 8 000 to 10,000 slaves employed at the iron works they are there congregated in large numbers, working in the various labors of making charcoal, digging ore, and tending the furnaces in gangs, mostly by themselves, with a few whites for general overseers *There are many of these works situated within a few miles of each other* and in sections that have few white inhabitants

A gentleman who arrived here last evening, informs us that at Dover on the Cumberland, they had obtained such evidence as left no doubt of a wide spread conspiracy existing in that neighborhood, and that a number of the ring leaders had been discovered and arrested and that eleven of them had been hung by the excited inhabitants, and that among those arrested was a person who had been in the neighborhood many months, who had always passed as a negro, but on his arrest was found to be a white man, painted and disguised as a negro Our informant says the people being satisfied that he had been the prime mover and instigator of the rebellious designs of the blacks, took him to the woods, and by the unanimous condemnation of those present he was sentenced to receive nine hundred lashes, and that he expired before the penalty had been *fully inflicted* These occurrences had produced general consternation and terror, and the women and children were fleeing and being sent off for safety The men were organizing and arming for defence, and the negroes were being confined or kept under very vigilant watch

### Letter from Senator Seward.

The following excellent letter from Mr Seward was read at the Republican Banquet in Chicago Wednesday evening

LETTER FROM HON WM H SEWARD

WASHINGTON, December , 1856

GENTLEMEN —I give you grateful acknowledgements of your kind remembrance of me, with your very rightful purpose of celebrating the redemption of the State of Illinois, from the government of a party that not merely denies, but denounces the fundamental principle of free government, in their application to the territories of the United States That portion of the American People which yet remains incredulous, will soon be made to believe and to see that either free white labor, or slave black labor must become the controlling element of society throughout the Republic The choice of Illinois, when that time shall come, will be the choice of the whole Union Henceforth, inculcate on all lovers of the freedom of labor the necessity of mutual charity and concert of action, and let him be regarded as unsafe if not an unfaithful adviser, who would stir up jealousies among free white men, on the ground of birth education or religion Therein lies the secret of our future political success, and of the salvation of the Rights of Man

Regretting that my engagements here prevent my availing myself of your kind courtesy

I remain very respectfully,
Your obedient servant,
WILLIAM H SEWARD

### The Author of "That Article."

From the N Y Evening Post

In the spirited debate in the Senate yesterday, on the motion to print the President's Message, we are told Mr Butler of South Carolina, while endeavoring to show "that the institution of slavery is not so baneful as the sentimentalists of the North endeavor to *represent it*, referred to an article which appeared in the *Edinburgh Review* of Oct last, vilifying the south, and not being the only marks of having been written in this country. The abolitionists, he said, had brought it into their service the press of Britain as the rival and enemy of this country He would like to know who wrote that article

Mr Benjamin stated it was written by a gentleman in New York

Several Senators asked, Who is he

Mr Benjamin declined giving his name

Mr Butler hoped the country would take notice of the fact

We will probably surprise Mr Senator Butler as well as flatter his state pride, to learn, what it is our pleasure to inform him, that the article to which he alluded with his senatorial thunders, and to which, by the way, the *Evening Post* is indebted for the compliment of being mentioned as a 'journal eminent among American newspapers for the first, ablest, and most dignified organ of the democratic party of New York was written by a native of the State of South Carolina

The author of the article on the Political Crisis in the United States is William Hurlbut a native of Charleston, but at present residing in this city He is already known in literary circles as the author of "Gan Eden," a small but brilliant work on Cuba and various magazine articles of note He is a graduate of Harvard College, as well as of the Divinity and Law Schools in Cambridge, Mass though his experience in either of the professions for which he was educated, has been brief During two visits abroad he has enjoyed the advantages of an intimate acquaintance with the leading men and the public of Europe

Of course, Mr Hurlbut's testimony in regard to southern institutions ought not to be impeached

It may still further gratify Senator Butler if we inform him that Mr Hurlbut is considered both at home and abroad, the most brilliant and accomplished scholar which South Carolina has yet produced

Swamp Lands —We notice that the Commissioners have their hands full of business, in receiving proofs of pre emption on these lands All pre emptors have the *opportunity* of proving up their claims throughout the State, and buying at the minimum of $1,25 per acre The rush for these lands is beyond all expectation, and the school fund must be greatly enlarged, after deducting the amount of twenty five per cent. which goes to the towns in which the lands are located for purposes of reclamation —*Madison Argus*

Outbursts —The names of five of the leading Unitarian clergymen in and about New York are in the obituary for superstitious minds—Furness, Collyer, Bellows, Blase and Burnham

The only antidote they ever had was Dewey, who came after *Sparks*, and he has passed through this fiery ordeal and evaporated, though we ought not to forget that he has left a successor quite as good —*Lee Post*

The Watertown Road Coming —S W Purnes, Esq, the Chief Engineer of the Watertown and Madison Railroad is in the city to day, with his corps surveying the route

The road will be completed to this place by the 1st of September next—*Madison Journal*

### La Crosse & Milwaukee R. R.

The New York *Tribune* of the 9th has the following

The earnings of the La Crosse and Milwaukee (trunk) Road in November were $55 634 10 which is $11,000 in excess of the estimate of the Company. This amount does not include the earnings of the Watertown Division The trunk bonds of this Road will close on the 20th for the declaration of a dividend which will probably be 6 or 7 per cent in cash The accounts of each division of the road are kept distinct so that none of the earnings of the finished portion of the road can be expended in construction of the unfinished portion

### MARINE INTELLIGENCE.

Another Wreck on Lake Ontario—Brig Beaver —We are compelled to record another marine disaster on Lake Ontario The brig Beaver bound from Oswego to Hamilton with a cargo of railroad iron, went ashore yesterday at Braddock's Point, 12 miles west of Genesee River The Captain and crew reached the shore in safety but the vessel lies in a dangerous situation, and from what we hear is likely to prove a total wreck

The Captain states that a snow squall prevailed at the time of the disaster and he thinks his compass was out of order This is quite probable as a cargo of iron will often render the compass unfit to be trusted Strange as it may appear, this is the fifth vessel with a five or six years which has been wrecked near Braddock's Point, under similar circumstances They were laden with rail road iron, which affected the compasses The Captain says the brig and cargo are insured in an office at Oswego —*Oswego Times*

*From the Oswego Times*

The Toronto Colonist contains the following additional particulars of the effects of the gale The Schr J. G Baird was driven ashore in the storm Tuesday night on the bar a short distance above the Monarch She is loaded with coal from Oswego She lies stern on and apparently easy in the sand By being discharged and lightened it may be got off with the assistance of the steamer Page which has very opportunely come from Oswego to aid the Monarch.

The large schooner Canadian, of Oakville, loaded with salt and ore left Toronto Tuesday evening and was driven ashore in the tempest about a mile east of Oakville She is on a rock bottom, but up to 12 o clock Wednesday she had made no water Capt. Crooks came to Toronto Wednesday afternoon to procure the assistance of the steam tug Page and Capt. Doble, of the Page, agreed to go to her assistance It is thought that after being unloaded she can be got off without sustaining material damage

The steamer Gen Moffat, bound from Toronto to Montreal, with flour, was out in the gale with the Lord Elgin, and when off Long Point was obliged to throw overboard 8 bbls in order to save herself

The schooner Margaret is ashore at Port Colborne She lies on the sand between the east pier and the reef and may be got off in the spring without much further damage She has 80 tons coal

Schooner and Two Lives Lost —A dispatch from Port Hope says the schooner Niagara, bound from Oswego to Bond Head with coal, went ashore at Port Hope Wednesday afternoon It appears that she had arrived at Bond Head, but left there in consequence of the severity of the storm She struck against the south pier and swung around grounding 200 yards from the shore. The inhabitants of the town went down and rendered every assistance in saving the crew and in the attempt two lives were lost, namely Capt Stephen Woods of the schooner Anna Maude of Port Hope, and Robert Campbell, mate of another schooner

☞ The barque Arabia, which lost a portion of her cargo and passed by this port in the gale Wednesday, came to anchor under Sandy Island, where she remained till the storm abated She lost a portion of her deck load of hoops and arrived here yesterday afternoon The Captain has entered protest.

### Dalley's Magical Pain Extractor.

THE great and principal characteristics of DALLEY'S MAGICAL PAIN EXTRACTOR consist

1st Of its never failing and unique property, as soon as applied to any external injury, TO CHECK INFLAMMATION instantly, and rapidly to reduce it This feature constitutes its great power to alleviate the pain of burns and scalds, and of other painful diseases, in so incredibly short a space of time, and as will appear from the few testimonials hereunto annexed Every intelligent mind is fully aware that, in all cases of external injury, the pain is produced by inflammation of the injured parts and therefore, if you remove the cause the effect must cease

2d Its purificative properties neutralize the poison that may lurk in the system and will when applied to the sores, draw rapidly all impure matter to the surface, and eject it—hence the great discharge it produces from sores occasioned by burns—and when applied to old inveterate sores Salt Rheum, or other cutaneous diseases

Each box of GENUINE DALLEY'S PAIN EXTRACTOR has upon it a Steel Plate Engraved Label with the signature of C V. CLICKENER & CO, proprietors, and HENRY DALLEY, manufacturer All others are counterfeit.—Price 25 cents per box

In this respect it is invaluable.

PROCLAMATION.—Friends, lovers and countrymen! Hear me for my cause, and be silent that you may hear, discard prejudice that you may believe read facts that you may act intelligently. Who that is young but that values good health? Who that is middle aged, but that dreads an attack of sickness? Who that is old that would not be healthy and vigorous. If any, speak, for him I have offended—none speak, none have I offended. For twenty years have I offered Herrick's Sugar Coated Pills to the American people. **IMPORTANT TO EVERYBODY.**

FOR the last three years, I have been engaged in a business known only to myself, and comparatively few others whom I have instructed for the sum of $200 each, which has averaged me at the rate of $2,000 to $3,000 per annum, and having made arrangements to go to Europe in the Fall of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canadas, who will remit the sum of $1. I am induced from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed and who are making from $5 to $15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant, and very profitable, at a small cost. There is positively No Humbug in the matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed who will testify that they are making from $8 to $15 per day at the same. It is a business which either ladies or gentlemen can engage and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed, are now making from $3 to $6 per day at it. It is a GENERAL BUSINESS, and but a few shillings is required to start it. Upon receipt of $1, I will immediately send to the applicant a printed circular containing full instructions in the art which can be perfectly understood at once.

All letters must be addressed, post paid, to A T PARSONS, 335 Broadway New York.

**ARRIVAL OF THE**

**AFRICA!**

NEW YORK, Dec 11.

The Steamer Africa arrived at … dock at … o'clock, and brings Liverpool dates to November 29th.

In England business is steadily increasing, and it is the general opinion that the financial … is past.

It is expected that the bank will soon lower its rates to 5 per cent.

The specie in the bank of France is increasing, and the bullion in the bank of England has increased over £200,000.

The whole subscription to the Atlantic Telegraph company is taken up and offers were made for more.

The chief feature of the political news is the firm attitude assumed by Switzerland towards Prussia's demands on Neufchatel, which are refused unconditionally. Austria, Bavaria and Baden support Prussia.

There is nothing new respecting the … with Russia. It is confidentially asserted that the peace Congress will re-assemble soon. There is a rumor in Paris that Prince Albert and the German influence is backing a proposal respecting B——, before the British Government, and so hampering the Ministry that they cannot act.

The political news from France and Spain is unimportant.

Latest advices from the East assert that the Persians have taken Herat. The steamer Kangaroo from Philadelphia arrived at Liverpool Nov 28th.

The English Admiralty have ordered the entire flotilla of gun boats to join the squadron at Sheerness and await further orders. There was also unusual activity in the dockyards, from which it is surmised that some naval demonstration is about to take place.

LONDON, Saturday Morning.

LATER.—A despatch from Berlin dated … says Prussia would be willing to relinquish her rights over Neufchatel, provided the political prisoners are discharged, otherwise she will act decisively.

MARSEILLES, Friday.—It is announced that a strong Russian corps is advancing through Bessarabia to the Black Sea.

Seven English ships of War are expected at Constantinople from Malta.

Advices from Teheran state that Youssof, the leader of the revolt at Herat, was condemned to death, but subsequently pardoned.

Parliament had been further prorogued till February 3d, then to meet for the despatch of business.

The subscription of £350,000 sterling to the Atlantic Telegraph Co., was closed to day, having considerably exceeded the required amount. One hundred and one shares are taken in London, eighty six in Liverpool, eighty eight in America, and the remainder in Glasgow, Manchester, &c.

LONDON, Friday Evening.—Notwithstanding the increased demand for money to day, in all quarters, funds were very firm and closed at one eighth advance. Since the last return the bullion in the bank has increased £80,000.

Private letters from Paris to day are … encouraging.

**WASHINGTON ITEMS**

**Lecompte's Successor.**

WASHINGTON, Dec 10.

SENATE.—Com Jones petitioned to be refunded the amount deducted from his pay by action of the Court Martial, several years ago.

The President, to-day, sent in the nomination of J. C Harrison, of Ky, for Judge of Kansas, vice Lecompte, removed.

Gen Houston will soon move an inquiry into the expediency of suspending, for two years, the duty on sugar and molasses.

Mr. Dubois, the Dutch Minister to our government, will not return here, having been accredited to Denmark on an inferior mission. This is presumed to have been in consequence of his government disapproving his course when called upon to testify on the Herbert trial. A new Minister will be here in a few weeks, as successor to Mr. Dubois.

There will be an effort made this winter to impeach a Judge of District Court of the United States, and the charges, if substantiated, will cause a profound sensation throughout the country. The memorials I believe are already before the proper committee.

There is a rumor that Slavery agitation will be again thrust upon Congress in connection with a bill for the admission of Utah as a State.

The Hon Robt J Walker was honored with a serenade by the democracy of this city. He returned thanks in a speech of some length.

WASHINGTON, Dec. 11.

Mr Cass is speaking in vindication of the President's message, in the Senate.

HOUSE.—Mr Otero, of New Mexico, presented a petition from the citizens of the Gadsden Purchase, asking for the erection of the territorial government of Arizonia.

Mr Humphrey Marshall made a speech criticising the democratic professions and practices.

**THE SOUTHERN CONVENTION.**

**Douglas at Albany.**

SAVANNAH, Dec 10.

In the Southern Convention to-day, Mr. Goulding's resolution, relative to the re-opening of the slave trade, was discussed.

Mr S. Pratt, editor of the Charleston Standard, avowed himself in favor of a renewal of that traffic. The Convention, he said, should not acknowledge the right of Congress to impose restrictions upon the slave trade, it should meet the question at once.

Mr Hunter, of Va., thought that the South should ponder long before they defied the opinion of the Christian world. The recent message of the Governor of South Carolina had astonished the whole South, and he was not prepared to endorse that message. The subject was one involving tremendous consequences, and time for reflection was necessary.

Mr Goulding, of Ga., defended the policy of the renewal of the slave trade. Slavery, he said, was derived from God, and he was ready to defend it in all its bearings.

The question was discussed by other gentlemen, including Mr McLeod of Texas, who pledged his State to the extremest pro slavery measures.

The motion to take up Goulding's slave traffic resolutions was lost 10 to 17. South Carolina, Texas, and a part of Tennessee voting in the affirmative.

ALBANY, Dec 11.

Senator Douglas gave a select dinner last week at Albany, N. Y., which was honored by the presence of … Corning, and with whom Stephen doubtless had a confidential political chat. It was at the Delavan House, and Stephen was the last to order wine under a fresh determination of the proprietor to sell the article. Mr Delavan, owner of the house, has remonstrated with the landlord and threatens to sue him if he persists in selling wines in his hotel. So a law … and Stephen may have to … call … back to Albany as a witness.

The most prominent candidates for the Speakership are Messrs. Littlejohn, of Oswego, Sherman, of Oneida, Van Valkenburgh, of Steuben, Prendergast, of Chautauque, Foot of Ontario, Hogeboom of Columbia, and Leavenworth of Onondaga.

**Southern Convention.**

SAVANNAH, Dec 10.—Second Day.—The President announced the Committee on Business.—Among the resolutions offered to day was one by … of Tennessee that all bonds and notes … by Southern States, Cities and Counties, … Referred to Business Committee.

A resolution that each member subscribe $100 towards a direct line of steamers to Europe was adopted, but afterwards reconsidered and referred.

Mr Bethel of Geo made a long speech in favor of abolishing tariff and raising funds by direct taxes to support Government.

Mr Kean, of Va., offered resolutions deprecating the education of southern youths at the North, and advocating the encouragement of southern books, new papers and manufactories.

Mr G… of Ga offered resolutions instructing southern Congressmen to use their efforts to secure the repeal of the Tariff, repeal laws interdicting the slave trade, and to procure a treaty for the rendition of slaves from Canada. Laid on the table by an almost unanimous vote.

Mr Mason of Alabama, offered a resolution in favor of a railroad from the Mississippi to the Pacific, along the 32d parallel.

Adjourned till Wednesday.

**GREAT SALE OF LOTS**
IN THE CITY OF
**PORTAGE,**
**On the 18th day of December, 1856.**

THE principal real estate owners in the city of Portage, have made arrangements for a general sale of Lots in said city, at the time above named. Over one thousand lots will be offered, situated in all parts of the city. A liberal credit will be given for a part of the purchase money, if desired.

It is believed that the great advantages of this point are understood among the business men of the State.—The La Crosse Railroad is now running to within 20 miles of here, and will be completed to this city early in January next. The land grant disposed of by the last Legislature secures the completion of a railroad from Madison, and another from Columbus to this city, within two years and from thence through the Northwestern part of the State to Lake St Croix and Lake Superior. Doubtless the able and energetic company who have this work in charge will push it forward to completion with all possible despatch. The long delayed Fox and Wisconsin River Improvement is now certain of being completed immediately, making a perfect navigation for vessels drawing 3½ feet of water, from Lake Michigan to the Wisconsin River, through the canal at this place. The act of the last Legislature takes good security for this. The commercial advantages and prospects of Portage are unequalled by any town in the interior of the State, and it has no rival. The site is high, healthy and pleasant, and surrounded by beautiful scenery. The city has grown rapidly, with a healthy and natural growth, and it will soon receive a new and powerful impetus. Real estate is at it comparatively low. There never has been any attempt to inflate prices or speculate in fictitious values.

An opportunity is now offered to obtain property here on the most favorable terms. Let no enterprising man disregard it.

### BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS.

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE.

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the [illegible] thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." For all diseases of the Blood nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the Diseases of Females it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects.
